

Emily Roysdon: Positions

Tuesdays-Saturdays. Continues through May 7 2011

212-219-0473

ART

artingeneral.org/exhibitions/506

Coming off strong showings last year at the Whitney Biennial and *Greater New York*, Roysdon mixes performance, video, photography and installation in her first solo show in New York. Three silkscreened panels lean against the gallery walls, partially concealing images of a tiny dancer, while videos and photos document performances in a public square frequently used for political rallies in Stockholm.
